## China Maintains Blockade on Three Border Gates

## ISP Mapping Number 84

After a ceasefire between the SAC and MNDAA, China reopened three border gates: Yanlonkyaing, Chinshwehaw, and Namtit in the northern Shan State. Out of the **19 border gates** along the Myanmar-China border, China has reopened **six gates** with restrictions in northern and eastern Shan. Meanwhile, **three gates** under the TNLA and MNDAA remain closed.

The data are based on ISP-Myanmar's research findings as of January 21, 2025. Data presented may vary from other sources due to differences in methodology and data availability. This dataset includes national-level border gates, EAOs-controlled gates before the coup, and those captured after Operation 1027.
